THE SNEHA DOSSIER | MCA · 2027 CANDIDATE

Sneha Maurya

Product Design · UI/UX · AI Prototyping · Frontend Development

Nashik, Maharashtra, India
snehamaurya12200@gmail.com
linkedin.com/in/sneha-maurya-b842743b0
github.com/snehamaurya12200-design

"MCA student focused on product design, UI/UX, and AI-assisted product development. Combines product thinking, user-centered heuristics, and rapid prototyping to craft intuitive, tactile digital experiences."

EDUCATION

Master of Computer Applications (MCA) — SIEM — 2024 — Expected 2027
Sandip Institute of Engineering and Management · Software Architecture, Advanced Systems, HCI

Bachelor of Business Administration in Computer Applications (BBA-CA) — Graduated Foundations
Core training in relational databases (SQL queries), business software logic, and systems viability.

CATEGORIZED SKILLS & TOOLING

PRODUCT & DESIGN	UI/UX Design · Product Thinking · Figma Design Systems · Wireframing · User Flows · Heuristics
AI & PROTOTYPING	AI-Assisted Development · Prompt Engineering · Multimodal APIs · Gemini Integration · Prototyping
FRONTEND CODE	React · TypeScript · JavaScript (ES6+) · Tailwind CSS · HTML5 / Modern CSS · Vercel Deployment
FOUNDATIONS	Python · C · C++ · SQL & Relational DBs · Java (Basic) · Data Structures · Git & GitHub

SELECTED PROJECTS & CODE

Your Life, In Receipts — TOP 5 FINALIST · LIVE APP
WebRush 6-Hour Solo Buildathon
Experimental frontend built solo under a 6-hour sprint. Converts Spotify streaming metrics into tactile thermal cash-register receipts with barcode generation and polygon tears.
Launch Live App !—

The First Week — INTERACTIVE PROTOTYPE
Student Onboarding & Empathy Architecture
Orientation platform that replaces sterile checklists with conversational schedule matchmaking and anxiety-reducing roadmap milestones.
Launch Live App !—

Mood Money — BEHAVIORAL UX CONCEPT
Behavioral Finance Mobile Concept
Gen Z personal-finance app designed to mitigate impulse purchases through 15-minute checkout pause friction loops and emotional spend-tagging.
Launch Live App !—

STARTUP EXPERIENCE & HONORS

Product Designer — StuMate MVP (Startup Team) — 2024 — 2025
- Interviewed 28 students to identify collaboration pain points; authored Figma design system component library.
- Shipped MVP onboarding 500+ active beta students across campus pilot groups.

& 1st Runner-Up — NexaForge × Unstop AI Prompt Challenge 2026
& Top 10 Finalist (6th Place, Score 96.0/100) — Prompt Run 2026 Hackathon
& Rank #28 — WebRush 2026 6-Hour Timed Solo Frontend Hackathon
& National Space Tech Participant — ISRO Bharatiya Antariksh Hackathon 2024
